*Prepared by Alice and Lop*

Reviewed and approved by TA

## OVERVIEW & PURPOSE

The game rules are designed to create a fair, enjoyable, and immersive environment for all site members. They ensure that everyone can engage in roleplay respectfully, without disruptions, while maintaining the integrity of the site's world and story. These rules guide members to interact appropriately, avoid cheating or inappropriate behavior, and respect the experience of others. By following these guidelines, the community can foster creativity, fun, and positive interactions for all involved.

### 1. Respect Others

- **Be polite and respectful** to all players. Bullying, harassment, or any form of hate speech will not be tolerated.
- **No inappropriate language or behavior.** Keep chat and actions clean and family-friendly.

### 2. Roleplaying Etiquette

- **Do not powerplay** (controlling other characters without their consent) or **metagame** (using out-of-character knowledge in roleplay).
- **Use proper grammar** and avoid text shortcuts that may confuse others.

### 3. Play Fair

- **No exploiting or cheating.** Using scripts or hacks to gain unfair advantages will result in a ban.

- **No griefing.** Don't intentionally ruin other players' roleplaying experiences by causing chaos or interrupting events without reason.

- **Do not Random Kill.** Don't kill someone for no reason, you will be warned for doing so, always stick to roleplaying.

#### 4. Respect

- **Do not spam.** Repeatedly sending messages, commands, or actions can disrupt the game and frustrate others.

- **Keep the game environment appropriate** for all age groups. No content that could be considered offensive or harmful to others.

#### 5. Characters & Roleplaying

- **No God-modding.** Your character should have weaknesses, flaws, and limitations to ensure balanced and fun roleplay.

- Avoid creating characters that are overpowered or unrealistic. Make sure your character has a backstory and personality.

- **Follow game lore** (if applicable). Respect the universe and storyline the game is based on.

- **Do not use anime characters as your morph.** Please avoid trying to make morphs that don't feel like they belong to the universe the game is based on.

- **Do not switch teams in the game when you're already in a department.** You should only use that department morph you have unless you were permitted to change teams by a HiCom or SSUH.

- **Always listen to the staff.** Strictly follow the orders from HiCom or SSUH, even if you do not agree, say your opinion without acting mad or irresponsible.

#### 6. Reporting Guidelines

- **Report rule-breakers** using the in-game reporting system. Do not engage with disruptive players; instead, report them to the game moderators.

- **Follow admin instructions.** If you are asked by an admin or moderator to stop doing something, please do so immediately.

## 7. Roleplay Events and Activities

- **Participate in events** and roleplay scenarios hosted by the host or staff. Make sure to stay in character during these events.

- **Be fair** when interacting in competitions, challenges, or team-based roleplay.

## 8. No Begging or Spamming Request

- **Do not beg for items, powers, or ranks** from other players or admins. This disrupts the roleplay experience and can cause frustration.

## 9. Stay Safe

- **Do not share personal information** in the game. Protect your privacy and respect others' privacy.

- **Follow Roblox's Terms of Service and Community Guidelines** at all times. Violating these can lead to a ban from Roblox itself, not just the game.
